

STEYN IS READY TO SURRENDER

But the Transvaals Will Continue To Fight Until the Last.

FREE STATERS TIRED

General Roberts Promises to Lead the Guards Brigade Into Boer Capital.

Gen. Brabant Entrenched on South Bank of the Orange River, Confronted by the Boers in Strong Force—Raising Volunteers in Kimberly to Relieve Mafeking—Gen. Clements Crosses Orange River at Norval's Pont, and Drove Back Burghers.

London, March 16.—[Special Cablegram]—A Bloemfontein dispatch dated March 15, says that it is rumored that President Steyn will surrender.

It is generally believed that the Transvaal burghers will continue to fight until the last, irrespective of the actions of the Free States. A proclamation has been issued by Gen. Roberts calling upon burgher residents within a radius of twelve miles of the Free State capital to deliver up their arms under penalty of confiscation of their property.

Apparently there is little resistance left among the Free Staters. Those of them who intend to fight it out are drawing north to join the command under the direction of the Transvaal generals and ultimately they will probably cross the Vaal river and assist in the defense of the Transvaal.

Roberts Congratulates Guards.

Cape Town, March 16.—[Special Cablegram]—Gen. Roberts has issued official orders congratulating the Guards brigade on their splendid march of thirty-eight miles in twenty-eight hours. Roberts expresses regret that a mistake prevented him from leading the brigade into Bloemfontein, but promises to lead them into Pretoria.

Brabant is Entrenched

Jamestown, Cape Colony, March 16.—[Special Cablegram]—Gen. Brabant's column is now entrenched on the south bank of the Orange river near Alwal North of him is a strong hill held by the Boers. The enemy has several Krupp guns. Brabant says he is hampered by the want of artillery. Fifty rebels surrendered their arms here today. Commandant Olivier sent a letter to Brabant apologizing for the recklessness of the Boers toward the peaceable inhabitants, saying that he is unable to control his men.

Kimberley to Relieve Mafeking

Kimberley, March 16.—[Special Cablegram]—The mayor in a speech today called for volunteers to relieve Mafeking. He said Kimberley had been given this honor.

Clements Drives Back Boers

Vanzyl, Cape Colony, March 16.—[Special Cablegram]—Gen. Clements crossed the Orange river this morning at Norval's Pont surprising the Boers, who occupied the hills beyond. An immediate advance into the Free State in full strength is certain.

More Troops for Africa

London, March 16.—[Special Cablegram]—Special trains carrying 3300 troops left London today for Southampton where the soldiers embark for South Africa.

HEALER ARRESTED FOR FRAUD

E. B. Bemis, Alias Francis Truth, Charged with Misuse of Mail. Boston, Mass., March 16.—E. B. Bemis, alias Francis Truth, famous as a "divine healer," was arrested here yesterday, charged with using the mails to defraud. At police headquarters is a small mountain of letters containing money which deluded "patients" have sent to him from all over the country. Truth has been making net profits of \$30,000 a week for months. He charged a fee of \$5 for treatment, which consisted solely of the "laying on of hands," and he had twenty-eight women typewriters, all busy answering tons of correspondence and conducting the "absent treatment" business.

SHOT AND KILLED BY HIS WIFE.

Charles Adams Meets a Sensational Death at Cincinnati. Cincinnati, Ohio, March 16.—Charles Adams, a passenger agent for the Union Pacific, who came here with his wife from Omaha last October with their two children, Irving and Fay, aged 2 and 5 years, was shot and killed by his wife, Jessie Turman Adams last night. Mrs. Adams says her husband threatened her life, that he held her oldest son by the heels, head downward, outside of a fifth-story window, and had been habitually cruel.

NEWS BY SHELDON'S STANDARD

Articles on Socialism a Feature of Today's Christian Paper.

Topeka, Kan., March 16.—The socialistic tenor of the Rev. Charles M. Sheldon's Christian daily grows stronger each day. Articles on socialism appear on every page today.

The most sensational feature of the Sheldon edition thus far is a story exposing the unjust system of assessment and taxation as practiced in Topeka. The tenor of the story is to the effect that the rich are practically evading taxation, and the burden is falling on the poorer classes. For instance, an official of the Santa Fe road, who is a very rich man, was shown to be paying less taxes than an engineer on that road, whose only possession is a modest home. Mr. Sheldon appended this comment to the story:

"Is it any wonder, in view of the facts, that bitterness is felt by the poor for the rich? It is a wonder that there is not more of it. The chasm that yawns between the working man and the man of wealth will never be filled up as long as the above facts remain to disgrace our Christian civilization. 'Lying' is the only word to use, and there are thousands of men and women doing it. Church members, respectable citizens, men and women who stand high in social circles, 'lie' about their taxes. These are facts. Apply the moral for yourselves.—The Editor."

SECRET SOCIETY TO AVENGE GOEBEL

Governor Taylor Receives Advice That Such an Organization Exists in Kentucky.

Frankfort, Ky., March 16.—[Special Cablegram]—Governor Taylor received a letter this morning telling him of the existence of a secret organization among the democrats in every county in Kentucky, formed for the purpose of avenging Goebel's death. Powers, Davis, Culton and Whittaker accused of complicity, were brought back from Louisville today.

Governor Taylor is preparing a memorial to President McKinley, setting forth his position in the Kentucky political muddle, and appealing to the president for aid.

BLUFF AND BLUSTER FROM AGONCILLO

Statement That the Americans Have Lost Heavily in Philippines Recently.

Paris, March 16.—[Special Cablegram]—Agoncillo today issued a statement to the effect that the Americans had lost heavily and had many captured in recent engagements in the Philippines. A great battle was fought at Batangas and another at Cagay. In the Vizcaya provinces the insurgents burned San Juan de Betskok and other villages rather than let the Americans occupy them.

CHARGE BREACH OF CONTRACT.

Attachment Against Armour & Co. for the Sum of \$81,000.

New York, March 16.—An attachment has been obtained here against Armour & Co. of Chicago for \$81,000 in favor of John E. Cannon on an assigned claim from Beaumont & Nease, jobbers in meats at Sioux City, Iowa. The claim is for damages for alleged breach of contract for nondelivery of 2,158,000 pounds of pork loins ordered from Sept. 15 to Sept. 25, 1899, on a contract price of 5 1/2 cents a pound. Beaumont & Nease sold the quantity ordered at 9 1/2 cents and the market price rose to 12 cents.

DEAL OF \$10,000,000 IN ICE.

American Company Buys the Knickerbocker Concern. Augusta, Me., March 16.—A \$10,000,000 ice deal is announced in the purchase of the Knickerbocker Ice company by the American Ice company. The Knickerbocker company controls the bulk of the retail output of natural ice in the cities of Philadelphia, Baltimore and Washington.

Two New Cases of Plague.

Washington, March 16.—Surgeon-General Sternberg has received a letter from Major Blair D. Taylor, surgeon in charge of the military hospital at Honolulu, regarding the bubonic plague. It is dated March 1, and says: "Since my last statement of Feb. 24 there have been two new cases of plague, both fatal, making in all sixty-four cases, with fifty-five deaths, a percentage of mortality amounting to 85.93 per cent. The board of health has finally burned the center of infection in the hotel stable, which has restored the public confidence. The council of state has appropriated \$345,000 for extending the sewerage system, but it will be a long time before the work can be done, and in the meantime cesspools exist under eating, cooking and sleeping rooms in many places."

[Sir Frederick W. Burton Dead]

London, March 16.—[Special Cablegram]—Sir Frederick W. Burton, the noted artist, died here today.

URGE PASSAGE OF SMAMP LAND BILL

CLAIM OF STATE AMOUNTS TO ABOUT 300,000 ACRES.

If Congress Passes the Indemnity Measure It Will Increase School Fund of the State—Some Women Are in Danger of Being Cut from the Pension Rolls.

Madison, March 15.—Secretary of State Froelich and State Timber Agent Vandercrook are in Washington to put in some work on behalf of the pending bill to give Wisconsin indemnity for swamp and school lands which have been appropriated by the government for one use or another. The claims of the state amounts to about 300,000 acres of land which it is asserted should have been given to the state under the original acts of congress which have been observed in Indian reservations or otherwise occupied by the government. The state authorities are much interested in the measure as it means, if the indemnity bill passes, a valuable addition to the school land funds of the state.

To Her Woman Pensioners.

Milwaukee, Wis., March 16.—Many persons who are now pensioners will be surprised when they find they have been unceremoniously cut off on the pension roll, and the majority, if not nearly all of these, will be women. Special pension examiners have been working in the Milwaukee office for some time looking up cases about which they have suspicions. Some Milwaukee notaries may also feel the effect of the visit of these examiners. Different persons connected with the pension department have been working in the Milwaukee office for months past, and there have been a large number of arrests made up to the present, the last having been yesterday when a Kaukauna woman who was remarried in 1872, but still drew a pension, was bound over to the grand jury on a charge of defrauding the government.

Physicians Must Register

Oshkosh, Wis., March 16.—Dr. Harvey D. Dale, president of the state medical board, has called a special meeting for next Tuesday at 2 o'clock at the Hotel Piester, Milwaukee. The object of the meeting is to give those physicians that have not yet registered an opportunity to do so. There are about 1,000 still delinquent, and those that shall not have complied with the law by April 1 will be prosecuted.

Millionaire of 72 Years to Wed.

Santa Rosa, Cal., March 15.—A marriage license was issued yesterday afternoon to Alba Webster, aged 72, of Los Angeles, and Mrs. Maria E. Martin, 41, of Hammond, Wis. Webster is a millionaire of Wisconsin, who spends his winters in Los Angeles, where he owns considerable real estate. The couple will be married tomorrow.

Death of Archie Middlemiss

Milwaukee, March 16.—Archie Middlemiss, aged 58, died yesterday, at his home, No. 1019 Forest Home avenue. He had been suffering with stomach trouble for about a year, and a few weeks ago caught a cold which developed into pneumonia.

DIVIDENDS IN OIL OVER \$20,000,000

Mailing of Checks to Stockholders Excites Interest in New York Financial Circles

New York, March 16.—A new and remarkable record in the matter of dividend distribution was today established by the Standard Oil company when it mailed to its stockholders checks aggregating \$20,000,000 in payment of the dividend of \$20 a share, declared Feb. 6 last.

This is the largest amount of cash ever disbursed for a similar purpose in the history of American industrial activity. Other large corporations have paid staggering dividends. The Pullman Palace car company once paid a stock dividend of \$18,000,000, but the achievement of the Standard Oil company in this instance is so far in excess of any similar transaction that comparison is hardly pertinent.

When the big dividend was announced in the early part of February Standard Oil stock furnished the "curb" market for several days with a sensational feature. The stock soared rapidly upward and did not stop until it had gained an advance of 30 points, which fixed the price at 550.

The previous high record was 520, but the stock has not sold at that price since the declaration of the dividend. Quite naturally there has been a reaction, but no sales have been recorded at less than 525, and trading today was between 528 and 530.

Effect of the Currency Bill.

Washington, March 16.—The effect of the new currency bill was apparent today in the number of applications to establish new national banks granted by Comptroller Dawes. Of the eight applications approved today the capital named is \$25,000, except in one instance, where the capital is \$10,000. The treasury officials are watching with interest for any indication that the increased circulation taken out by national banks is to cause undue inflation of the currency of the country.

AMERICAN TROOPS SAFE AT GOUBAT

HAVE NOT BEEN SURROUNDED BY FILIPINO REBELS.

Rebels Are Routed—Had Attacked the town During a Fire, But Were Easily Repulsed by the Americans—Samar and Leyte Are Reported To Be Quiet.

Manila, March 16.—The troops who went to re-enforce the garrison at Gubat fifty-two miles from Albay, found the men unhurt. It had been reported that the garrison was surrounded by insurgents, and that the town was burning. The trouble started in this way: The people made an attack on a swindling foreigner, whose warehouses were burned. The fire spread to other buildings, and this attracted the insurgents to the place. When the people saw the rebels coming they stampeded to the ships. The rebels, who were chiefly bolo men, were easily repulsed by the Americans.

Trade Is Reviving

Brigadier General Kohbe has returned from his visit to the southern islands. He reports that Samar and Leyte are settling down and trade is reviving. The natives are returning to their homes, and the troops are well received. Lagapi continues to be a hotbed of rebellion, and constant patrolling is necessary in order to destroy bands of insurgents.

The governor of the North Canaries, with his staff surrendered to the Americans at Nueva Caceres. He also ordered runners sent out through the country to proclaim American sovereignty.

Senor Flores, who was Secretary of War in Aguinaldo's so-called Cabinet, has surrendered to General McArthur.

Philippine Secretary Gives Up.

Manila, March 16.—Flores, Aguinaldo's Secretary of War, has surrendered to General McArthur. Aguinaldo's infant son who was captured in November and who has been suffering from small pox is dead.

Washington, D. C., March 16.—A message from General Otis, at Manila, received at the War Department says that he shipped today for Barcelona, Spain, 533 Spaniards, including 84 officers and 427 enlisted men of the Spanish army, who had been rescued from the Filipino insurgents; also the wives of eight officers and fourteen children of the families of officers.

GOLD DEMOCRATS NOT FOR BRYAN

Refuse to Indorse the Chicago Platform, and Will Open a National Campaign

Indianapolis, Ind., March 16.—About 200 Indiana gold democrats met here yesterday and decided they could not support W. J. Bryan and the Chicago platform of 1896 in the coming campaign. Their resolutions expressed a fear for the country under further control of the republicans' present expansion policy, sufficient to prevent fusion with the republicans. It was further determined to organize at once for an independent national campaign similar to that conducted in 1896.

Cleveland May Support Bryan

Washington, D. C., March 16.—Indications point to the probability that former President Grover Cleveland, who heretofore has not lent his aid to the candidacy of William Jennings Bryan, is about to come out in the support of the Nebraska silverite.

Harrison Would Accept

Indianapolis, Ind., March 16.—Many Indiana republicans now believe that if the national republican convention should call on General Harrison to lead the party this fall, he would not decline the nomination. If the convention should turn toward Harrison it seems well understood that the Indiana delegates would not oppose the demand for Mr. Harrison's nomination.

HOSTILE TO VICTORIA

Corporation of Cork Refuses By a Vote of 20 to 5 to Extend a Friendly Greeting to the Queen.

Cork, March 16.—Anti-English feeling in Cork seems bitter. The nationalist members of the corporation today carried a resolution by a vote of 20 to 5 refusing to adopt an address of welcome to Queen Victoria on her arrival in Ireland. Mr. Hogarty, the nationalist mayor, sided with the minority.

The corporation of Limerick today unanimously adopted a resolution to issue no address of welcome and appointed a deputy to the meeting to be held in Dublin to protest against the action of the Dublin corporation in welcoming her majesty to that city.

The unionist sheriff of Cork has convened a meeting to adopt the address which the corporation refused to sanction, and disturbances are expected.

Chicagoans Freeze to Death.

New York, March 16.—James Saunders and Ezra Fleming, traveling salesmen for a Chicago nursery, were yesterday found frozen to death and buried in the snow of the roadway at Liberty Corner, seven miles from Bound Brook, N. J.

PAYNE SIDES WITH BABCOCK

There is No Commotion in Wisconsin on Porto Rican Issue.

Washington, March 16.—Henry C. Payne, the Wisconsin member of the republican national committee, now in town, has this to say in the Washington Post:

"I think the feeling of the people in my part of the west is considerably misrepresented. There may be excitement in other western states, but in Wisconsin there is no such commotion over the Porto Rican tariff. Our newspapers have not discussed the situation with any degree of excitement. As far as I can estimate the public sentiment in Wisconsin, our folks do not regard the 15 per cent tariff bill as a hardship, and it is not a vital question, just now whether the constitution is extended over the island or not."

"I do not believe this matter is going to be a party issue at all. It will be settled satisfactorily and pass out of public talk inside of thirty days."

Snow and Sleet Storm in New York.

New York, March 16.—Snow fell all day Thursday and toward night a heavy wind from the northeast blew great gusts. Hail and sleet fell with the snow, making it difficult to get about the streets. Contractor Maille put 3,500 men to work this morning in clearing the snow. There was actually six and one-half inches of snow and about two inches of sleet.

MARRIAGE A SHOCK TO HER FRIENDS

Stephen Townsend Exerts His Great Influence Upon Mrs. Frances Hodgson Burnett.

Washington, March 16.—The marriage of Mrs. Frances Hodgson Burnett to Stephen Townsend at Genoa the other day was not a surprise, although it was a shock to her friends in this city, for their relations have long been the cause of anxiety.

Mrs. Burnett has continually protested that she never intended to marry Mr. Townsend, who is only about half her age, and greatly her inferior intellectually, and has even ridiculed the idea when it has been suggested by people who take an interest in her welfare; but her infatuation for him has increased with time and every one who is familiar with the affair has predicted a marriage sooner or later.

When she left Washington less than three weeks ago she declared positively that she did not have the slightest intention of marrying again, but it is inferred from the dispatches that they went straight to the person as soon as the steamer arrived at Genoa.

Mr. Townsend is the son of an English clergyman. He had a brief experience as an actor and was a reporter for one of the London newspapers when Mrs. Burnett appeared there with her play, "Little Lord Fauntleroy." He made her acquaintance in a professional way, and seems to have attracted her fancy, for she immediately engaged him as her private secretary, and they have been inseparable ever since, regardless of the remonstrance of her friends.

He has shared her home and her income and claims a portion of the credit of her literary labors and dramatic success. He was the cause of Mrs. Burnett's divorce and the alienation of her most loyal friends, but now that she has taken him for a husband they have nothing more to say than to exchange regrets.

DRIVEN INSANE BY POVERTY.

Widow of a Former Railway President

Picked Up by Indianapolis Police. Indianapolis, Ind., March 16.—An aged woman of unknown identity was picked up by the police Wednesday. She was wandering aimlessly about the streets. It now transpires that the woman is Mrs. Susan Parker, widow of Samuel Parker of Connersville, Ind., who twenty-five years ago was a member of congress and president of the Cincinnati, Hamilton & Dayton railroad. Her son, who lives in this city, says his mother's reason had been shattered by brooding over her misfortunes and reduced circumstances, and that she frequently wandered from home.

WOULD RUN WITH BRYAN.

Shively of Indiana Said to Be a Vice-Presidential Candidate.

South Bend, Ind., March 16.—Ex-Congressman B. F. Shively of this city, who represented this district in congress from 1886 until 1892, and as such was William Jennings Bryan's associate on the ways and means committee under Speaker Crisp, is considered a possible candidate for the vice-presidency on the Bryan ticket. Bryan and Shively are great friends. They have like views on the currency question. Mr. Shively was an unsuccessful candidate for governor on the Indiana democratic ticket in 1896. He made a great campaign and is idolized in many sections of the state. He is silent regarding his acceptance of a nomination for governor this year, although it is conceded he could have it.

Loaded Cigar May Ruin Eye.

Findlay, Ohio, March 16.—Willard Ducommun, ex-deputy inspector of workshops and factories, was severely injured Thursday by a loaded cigar that had been presented him by a practical joker. He may lose the sight of one eye.

BOOM IS LAUNCHED FOR GEN. WOOD

Military Governor of Cuba as a Running Mate for M'Kinley.

PLEASES MANY PEOPLE

Porto Rico Matter Still the Storm Center at the National Capital.

It Enlivens the Senate Proceedings—A Definite Program Mapped Out, Which Will Finally Bring About a Harmonious Republican Agreement in This Matter—Effect of the Currency Bill is an Increase in National Banks.

Washington, March 16.—[Special Telegram]—General Wood, military governor of Cuba, for vice president on the ticket with McKinley is the latest suggestion from the republican camp. Assistant Secretary of Agriculture Brigham is responsible for the launching of this new boom, and it is being looked upon with favor in some quarters.

Porto Rico the Storm Center

Little Porto Rico is still the storm center of American politics. Today little else was in the minds of the Republican leaders here. At the senate the Republican managers were busily engaged counting noses and trying to find out where they stand.

According to the gossip about the senate chamber today both Senators Cullum and Fairbanks are wavering on account of the pressure of letters and telegrams from their states, and other senators are known to be in more or less trouble with their constituents and their consciences.

Senator Beveridge is preparing a free trade speech, which he expects to deliver next Thursday, and he is counted upon to champion Porto Rico's cause in his most eloquent and effective manner.

Count on Three Democrats

Notwithstanding the formidable nature of this revolt, the republican managers of the senate are confident of their ability to pass the 15 per cent tariff bill. It was discovered today that the republicans can count on three votes from the opposition. Senator McNary of Louisiana, will vote for a tariff on account of sugar, and Senators Teller of Colorado, and Jones of Nevada, because they are expansionists.

The republican managers say they have the power to pass the tariff bill at any time they wish, but they want to do it without the assistance of votes from the opposition. They claim they are in no hurry about the matter, and may not reach a vote for ten days or two weeks, but that when they are ready they will pass the Foraker bill providing a civil government for Porto Rico and the house 15 per cent bill as separate measures.

PUERTO RICAN BILL DEBATE.

Are Still Enlivening the Senate Proceedings.

Washington, March 16.—When the senate assembled there was an appreciable absence of the atmosphere of uncertainty which has prevailed since Porto Rico was introduced as a subject of controversy. Although no settlement was reached on the vital issue of free trade, a definite program has been mapped out which will bring up by easy stages the questions affecting insular government. According to this program the debate continued on the civil government and tariff bill. Inasmuch as President McKinley has clearly announced himself as opposed to the extension of the military government in Porto Rico, a general understanding has been reached to take up the civil government bill and determine the status of the tariff after this feature of the Foraker bill is disposed of.

Coast fortifications and a contemplated appropriation of \$11,000,000 for coast defense were features of the naval budget taken up for consideration by the house. That the naval program for this congress embraces an unprecedented increase both in war vessels and coast protection is already apparent. The proposed expenditures for coast works, including parapets, magazine and pneumatic dynamite guns are \$6,899,536 more than the appropriation for the current year.

Congressman Boutell of Illinois introduced a bill providing for a deposit of 3 per cent of the wages of postal clerks to constitute a retirement fund. The bill was forwarded by the clerks of the Chicago postoffice and is similar to the measure introduced in behalf of the weather bureau clerks. The postal bill applies to all the departments of the postal service and is designed for the benefit of supernumerary employees.

BENJ. LATTA IS LEAD; A PIONEER SETTLER

BECAME RESIDENT OF CLINTON IN THE YEAR 1846.

Death of Mrs. Schrandt—Riley Bros. New Barn Totally Destroyed by Fire—Annual Meeting of the Home Forum March 27—Clinton News Notes.

Clinton, March 16—Benjamin Latta, one of the oldest residents of this vicinity, and a pioneer settler of Rock county, died at the home of his son, D. Latta, at 3 o'clock p. m. on Sunday, March 11. Deceased was born at Lewiston, Niagara county, N. Y., Feb. 14, 1816, and was eighty-four years of age. Mr. Latta came west in 1846, making the trip to Chicago by way of the Great Lakes. Arriving at the metropolis, a small place then, he purchased a yoke of oxen from a herd of cattle which were being driven through the town, and then securing a vehicle which he converted into an emigrant covered wagon, he started for Wisconsin with his family, consisting of a wife and three children. The journey from Chicago occupied four days. When he arrived at the brook one-half mile east of where he settled, rails were laid across and a trumpet bridge constructed. His was the first train to cross. He camped that night on the farm which he took up. This was June 6, 1846. Here he lived until his death except for a few years' residence in Clinton, which terminated when his wife died, about 1887, she being Miss Deborah Stevens, whom he married in 1840. The family consisted of ten children all of whom are living but one. They are Mrs. Wm. Stewart of Summerville; Frank, of St. Paul; Wm. J., of Clinton; Mrs. Mattie Mason, who died a few years ago; Albert of Jamestown, Da.; Geo. W. of Antigo, Wis.; Mrs. Josie Cowles, of Delavan; D. K., of Clinton; Dr. U. G., of Chicago, and Mrs. Ida Little of Whitewater, Wis. The funeral services were held at his late home on Wednesday, March 14th, 1900, Rev. Wm. Moore officiating. The interment was in the Clinton cemetery.

Mrs. Schrandt, mother of Carl and August Schrandt, died Saturday, March 10th, after a long illness of dropsy. Deceased was born in Germany, coming to this country a number of years ago, and was 72 years old at the time of her death. She and her husband made their home with their sons in Bradford. The funeral services were held Tuesday at her late home, Rev. Roehrs officiating.

The Riley Bros' new barn, built last summer was totally destroyed by fire at 5 o'clock Monday afternoon. Cause is believed to be spontaneous combustion, the fire originating in a mow of shredded corn fodder. Forty tons of baled hay were consumed. Other stuff was mostly saved. There was \$1,000 insurance on the building and \$200 on contents, same being in the La Prairie company. The barn is located one mile west of Allen Grove station, near Turtle creek.

Mr. and Mrs. W. H. Northrop were pleasantly surprised by a number of their friends, who unexpectedly made them a visit one evening recently. The annual meeting of the Home Forum will be held March 27, for the election of officers and to attend to other business.

William Harnden, it is said, picked up a pocketbook on a train last week, containing \$75, which he turned over to the conductor, to be returned to the owner. A new milliner is soon to be located here, rooms having been secured in F. Howarth's store.

One of the pleasant features of the Y. M. C. A. Sunday afternoon meetings is the lunch served by the members after the services.

There was a small company at the home of Mr. and Mrs. A. B. Rogers one evening last week, the guests being by Frank and his sister Minnie.

R. W. Cheever and wife spent Sunday in Chicago with friends.

John Waugh and bride returned from their wedding trip last week and are stopping at present with a neighbor, John Shaw.

M. B. Eldridge has retired from the firm of Larson & Eldridge. Mr. Larson will continue the business.

John Kirkpatrick of Bradford, will work for Charles Salisbury this season. Mr. and Mrs. Herman Rogers returned Monday from a short visit out of town.

George Bertelsen, who has occupied the Winchester farm last season moved Wednesday to L. Larson house in Bradford.

Farm hands are hiring out in this vicinity at \$20 and \$22 per month.

EMERALD GROVE

Emerald Grove, March 16—F. Wetmore spent a few days of this week in Chicago. Ole Sarson is home from Madison, where he has been attending the agricultural school. He expects to

return his studies there next year. Miss Arnold closed her school last Friday in the Little district. The Emerald Grove school closes next Friday, March 23, with an entertainment to take place in the evening at the school house. Everybody come. Admission ten cents. Earl Knifans is on the sick list. The Ladies' Auxiliary gave a dinner in the old church last Thursday, which was well attended.

To Cure a Cold in One Day. Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents. People's Drug Co.

EVIL EYE COMPANY ARRIVED THIS NOON

Travel in Their Own Special Cars—Appear This Evening at the Myers Grand.

In their own special car members of "The Evil Eye" company arrived in Janesville this noon. This evening they appear at the Myers Grand opera house before what promises to be a crowded house.

It requires an enormous company and a vast amount of scenery properties, machinery, costumes, and all other forms of stage paraphernalia to produce Chas. H. Yale's spectacle of golden splendor, carnival of comicities, riot of fun and laughter-making factory, called "The Evil Eye," or "The Many Merry Misadventures of Nid and the Weird, Wonderful Wanderings of Nod."

This sensational kaleidoscopic horn of plenty will be turned upon the stage of the Myers Grand tonight and a well nigh boundless abundance of merriment and beauty will be poured out for all to behold and enjoy. Mr. Yale is now occupying the indisputable position as premier, producer of stage potpourri that form a popular entertainment that contains opera, both grand and comic, both tragedy and comedy; the ballet, pantomime dancing of all kinds, fun without any limit within decency and a great number of startling mechanical effects. His entertainments are the nearer approach to the old English pantomime of anything done upon the American stage. Mr. Yale's other and previous productions, among which are notably "The Devil's Auction" and "The Twelve Temptations." Their very great success is a fair indication of what may be expected from "The Evil Eye" although it is claimed for Mr. Yale that "The Evil Eye" by far surpasses any of his previous productions.

A. R. De Fluert, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Smith's Pharmacy, next to postoffice kodak agents.

The annual oratorical contest of the married women, under the auspices of the W. C. T. U. took place Tuesday evening at the M. E. church before a large audience. Music for the occasion was furnished by the high school orchestra of ten pieces and their playing gave the large audience a pleasurable surprise, being much superior to their anticipations. The contestants, eight in number, acquitted themselves very creditably and the judges, Prof. A. Whitford, Rev. Dr. Platts and Miss Bessie Clarke, after due deliberation, awarded the first prize to Mrs. Edwin Shaw and the second to Mrs. A. M. Glenn.

Mrs. C. S. Shibley died Tuesday night after a long illness at the home of her daughter, Mrs. Gifford. Deceased was born at Windsor, Vermont, in 1827 and was one of the early settlers of Rock county, coming to Fulton in 1847 and residing there until last fall when she came to this village. Mrs. Shibley leaves an aged husband and the following children: Mrs. A. Gifford, Milton; Mrs. Mark Thompson, Fulton; W. A. Harvey and G. S. Shibley of Bisbee, Arizona. The funeral took place today (Friday) at the M. E. church, Rev. F. B. Sherwin officiating and the burial in the village cemetery.

Mrs. Tillie Smith, wife of Harry D. Smith, died Tuesday evening. The sudden unexpected death of Mrs. Smith was a great shock to her friends and the community, as she had been sick but three days. Death resulted from an attack of measles complicated with other diseases. The funeral will take place from the Congregational church today (Friday) at 2:30 p. m.

Mrs. D. C. Pratt of Appleton, is visiting her daughter, Mrs. O. W. Spaulding. Mrs. Pratt was a resident of this village for many years prior to making Appleton her home.

James G. Bond left Tuesday for Hinton, W. Va., to resume his run on the Chesapeake & Ohio road.

The Milton College Evangelistic Students' club gave a concert at the Rock River Seventh Day Baptist church Wednesday evening. The program included a lecture by Rev. Dr. Platts, songs by the male and female quartets, instrumental solos and recitations. The club will give a similar concert in the near future.

Rev. Dr. Platts expects to attend the Ecumenical conference on foreign missions to be held in New York City next month.

J. D. Clarke returned from Watertown Wednesday where he has been testing a herd of dairy cows.

Fred Gould, of Lima, was a Milton visitor Thursday.

It is reported on good authority that Geo. R. Boss has purchased the E. B. Rogers house and lot on Madison avenue.

Rev. S. L. Maxon, of Walworth, shook hands with Milton friends Thursday. He reports that the representatives of the new railroad are buying the right-of-way through Walworth.

The College Evangelistic, Glee Club give a concert at College chapel next Wednesday evening. It will be worth hearing. Give it your patronage.

The thermometer registered four degrees below zero Friday morning. Rather chilly for the middle of March.

Scarlet fever has attacked J. M. Pfeiffer's children, but fortunately in a light form.

Miss Grace Rogers is enjoying a vacation from her school duties at Fairfield.

The Rebekah's gave an oyster supper at Odd Fellows hall Thursday evening.

LIMA

Lima, March 16—Will Herrington came home from Wood county Tuesday morning. Mrs. Ford of Whitewater, spent a day with Mrs. M. A. Gould recently. Ten dollars was the financial result of the United Brethren social on Tuesday evening. Mrs. M. J. Cowles was home from Milwaukee over Sunday. G. L. Traver was in Milwaukee Wednesday. TWO SOCIAL EVENTS SLATED AT AFTON

Republican Caucus to be Held at Brinkman's Hall Thursday, March 29.

Afton, March 16—Two events are slated for presentation here ere the month ends. On Friday evening, Rev. Howland Hanson, of Beloit, will give a stereopticon exhibition and lecture, the subject being "Ten Nights in a Bar Room." He will be assisted by the Beloit Ladies' Quartette, one of the most popular musical organizations in the Line City. The entertainment is given under the auspices of the Baptist Y. P. S. C. E., and the extremely low rate of fifteen cents admission will be charged. Children under twelve years of age, ten cents. On Thursday evening, March 29, Mary Edna Lloyd, the well known dramatic reader, of Elgin, Ill., will appear in an entertainment given under the direction of the Ladies' Aid Society, a more extended notice of which will be given later. Both of these entertainments will be held at the Baptist meeting house.

One of the perplexing questions to be solved by the new proprietor of the Afton mill will be the successful repairing of the dam, a portion of which was taken out by the recent high water. That Mr. Hoskins proposes to do a thorough job right at the beginning, is evidenced by the fact that he has secured a pile driver and will carry on the work of repair in a manner calculated to withstand the great freshets for which Bass creek is famous.

A modest black sign board, bearing the legend, "Dr. Lockyer," in gilt letters has been secured by our new M. D. and will be erected in front of his office.

Afton people are still on the "move," William A. Schultz having gone to Janesville to reside, while "Mayor" John T. Powers will take up his residence in Beloit. Dr. Lockyer has rented the Powers house here and will open his office therein.

Town of Rock republicans will note the caucus to be held at Brinkman's hall on Thursday, March 29, at 2 o'clock p. m., the call for which appears in another column of the Gazette. This call is issued by the republican county committee, in compliance with a provision of the new law, making it the duty of such committee to call any and all caucuses, the proceedings of which will have any bearing, directly or indirectly, on the formation of the official ballot. The provisions of the law do not apply to a town caucus for the nomination of a town ticket, the call for which will be issued by the town committee as usual.

Measles continue to be prevalent in Afton and vicinity. Eddie Bartels and Herman Holzappel are recovering from severe attacks, while new cases reported are Bert and George Otis, Lena Buse, Charles J. Kilmer, Irene Wendell and Grace Antisdell. Mrs. W. H. Eldredge has an attack of grip. L. H. Miller and Mrs. G. B. Gsgood, who have been on the sick list, are recovering.

Dick Brinkman is spending a week with relatives in Chicago and vicinity. His position in the creamery is being filled by F. R. Eldredge.

Miss Alice Eldredge is spending a week with friends at Evansville and Union.

HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed, Thy food not highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting." Our wagons will call daily for your order.

JOUBERT IS TO COMMAND.

Will Assume Personal Charge of
the Boer Forces at Brandfort.

WILL MAKE A STAND THERE.

No News Comes from the Natal Frontier
—Roberts' Forces Are Resting—Cape
Colony Insurgents Still Active—Medi-
ation Discussed in European Capitals.

London, March 16.—Commandant-General Joubert of the Boer army is reported to have arrived at Brandfort, about forty miles north of Bloemfontein, to assume command of the Boers, whose headquarters are apparently on the Modder river.

The correspondent of the Daily News at Bloemfontein represents Weston's track-cutting as having intercepted Gen. Joubert's intended advance southward on Tuesday, but there is no other indication that the Boers at present are acting except on the defensive. The supposition in Bloemfontein is that they will defend Brandfort.

Immediate interest centers now in the fate of the Boer forces which are in retreat northward from Cape Colony, where they have been defending the line of the Orange river.

The courageous exploits of Capt. Grant and Lieut. Popham, which saved the Bethulie bridge, enabling Gen. Gatacre to cross the river, coincided, fortunately for the British, with an equally daring feat northward of Bloemfontein. There Major Weston of the engineers, attached to Gen. French's brigade, passed the Boer lines on the evening of March 12 with ten men, who cut the telegraph and blew up the railway, thereby preventing the removal of the engines and cars in Bloemfontein. Gen. Roberts was thus enabled promptly to dispatch a force to intercept the Boers whom Gen. Gatacre holds in front.

It is hardly expected that Gen. Pole-Carew's advance will not be opposed. If the burghers at Norval's Pont and Bethulie are relying on retreat by means of the railway and are unaware of the occupation of Bloemfontein, a collision between them and the guards' column is inevitable.

Nothing has been received in London in forty-eight hours regarding affairs on the Natal frontier. Gen. Buller has made no report.

In the house of commons Thursday the Rt. Hon. A. J. Balfour, first lord of the treasury and government leader, replying to a question by William Redmond, nationalist member for Clare East, as to whether the United States had offered its services to bring about peace, stated that on March 13 Mr. White, the American charge d'affaires in London, had communicated to Lord Salisbury a telegram received by Mr. White from Secretary of State Hay, reporting that the government of the South African Republic had requested the president of the United States to intervene with the view of a cessation of hostilities, and saying that a similar request had been made to the representatives of the European powers. Mr. Balfour said:

"Lord Salisbury requested Mr. White to convey the sincere acknowledgment of her majesty's government to the government of the United States for the friendly tone of their communication and to say that her majesty's government does not propose to accept the intervention of any power in the settlement of South African affairs."

The dispatch of troops to South Africa continues unceasingly. A battalion of 1,110 men of the Scots' guards sailed from Southampton this morning.

Colonial Secretary Chamberlain stated that a further offer from New Zealand of 500 men for service in South Africa had been gladly accepted. New Zealand's total of 1,450 men is equivalent, in proportion to the population of the two countries, to 80,000 from Great Britain.

Rt. Hon. William St. John Brodrick, under secretary for foreign affairs, stated that the strong representations which had been made to Germany regarding the insults to British residents of Dresden, the tearing down of the union jack from the Anglo-American club and the disgracing of the English church had elicited from that government an expression of deep regret. The flag had been restored and the suspected persons arrested.

Replying to a question in the house of commons today, as to the reported wrecking of the coal mines near Ladysmith, and the determination on the part of the Boers to demolish the machinery of the gold mines and destroy the principal buildings at Johannesburg, Colonial Secretary Chamberlain stated that the matter was under serious consideration by the government. President Kruger had been warned at the commencement of the war that he and his government would be expected to protect the lives and property of peaceable citizens. Kruger and his government will be held responsible for any damage that may be done to property.

Pretoria, March 13, Noon, Via Lourenco Marques.—State Secretary Reitz says, with reference to Lord Salisbury's reply refusing the peace proposals made by the republics, that the statement of the British prime minister that the ultimatum of the republics was the first step in the direction of war is untrue. The real truth, he declares, is that the war was brought about by the continuous threat on the part of the British government after the Bloemfontein conference to bring about changes in internal government of the Transvaal, although this was totally against the rights guaranteed the South African Republic by existing conditions.

Dawes Names Eugene Pearson.

Washington, D. C., March 16.—Comptroller of the Currency Dawes appointed Eugene Pearson of Chicago, chairman of a committee to recommend resumption of the Canajoharie national bank of Canajoharie, N. Y. Mr. Pearson was formerly vice-president of the Globe national bank of Chicago.

Prosecutions Are Urged.

New York, March 16.—Judge Lacombe of the United States circuit court, sent Hugh J. Runs Minnesota Lines at a Loss.

St. Paul, Minn., March 16.—President Earling of the St. Paul road testified before the Minnesota railway commission that the two narrow-gauge roads in Minnesota belonging to the St. Paul are operated at a heavy loss. The commission is seeking to enforce an act of the legislature compelling the substitution of broad-gauge tracks.

POLITICAL "MACHINES."

The Philadelphia Saturday Evening Press publishes the following editorial:

Yet if much-desired reforms in politics are ever to be brought about, the usefulness of the "machine" method must be recognized by reformers. Let us suppose a certain element controls the politics of a state. This element is known as the "machine." Reformers denounce it as corrupt. They are determined to throttle it and purify the state administration. They believe they can do this at the polls and set to work. They find that speakers must be sent to enlighten the people. To do this money must be furnished for expenses, since not even reformers can very often pay hotel bills out of their own pockets. So a committee is appointed to look after funds. Now it is seen that there must be some one else to look after the press notices, some one else to organize a house-to-house canvass, a force to "get out the vote," and a score of other committees and individuals to do various necessary parts of the campaign work. These wants are met as they arise. Some one is assigned to each detail, and the organization becomes thorough and effective. But this organization is a "machine." Tell the reformers so and they will shake their heads at first. Then they will say: "Perhaps it is a good machine. It is not like the one we are going to destroy."

The Post's ground is well taken. If one organized political circle is a "machine," then all organized political circles are "machines." White cannot be black and black cannot be white—a machine is a machine, regardless of whether it is your machine, or the other fellow's.

A SPLENDID SHOWING.

Governor Scofield's address at the Delavan Farmers' Institute bears evidence of the same sincerity and careful research that made his former speeches notable contributions to the information of the people he serves. The governor never does things by halves, but discusses business propositions from a business standpoint. The finances of the state, he said, are in better condition than at any time for twenty years past. There is no state debt, and nothing is due the trust funds. The State Board of Control alone, effected a saving of \$50,000 of the people's money last year, and wise economy has been the rule in all the other departments.

This showing is one that both Governor Scofield and the republican party should be proud of. It is a splendid compliment to both the policies and the man who administers them.

There will certainly be a warm fight for the republican congressional nomination in the Eighth district. Dr. H. B. Tanner of Kaukauna, has announced his candidacy, and from now until the close of the convention the Minor and Tanner supporters will be on the keen jump.

Because of his removal from the city Samuel M. Smith will resign as a member of the Board of Education. Under the law, the vacancy must be filled by the council, after that body has been notified by the school board of the vacancy.

Attend the caucuses Tuesday evening, and register your opinion. In no other way can a "government of the people, by the people and for the people" be maintained.

The war news may be classed as follows: First, South Africa. Second, Kentucky. Third, Philippines.

General Kobbe, we feel safe in predicting, will soon make the Filipinos acknowledge the corn.

England's answer, also, is to the effect that she has "nothing to arbitrate."

Attend the caucuses.

MRS. WILLIAMS SERIOUSLY ILL

One of the Pioneer Residents of Rock County

Mrs. Lucy Williams is dangerously ill at the home of her niece, Miss Stella Williams, Court street. Mrs. Williams recently removed here from Evansville, and for forty years resided on a farm within one mile of that place. She is eighty-five years of age, and is ill with pneumonia. Yesterday a consultation of physicians was held.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in the left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

Contractor Beaten by Strikers.

Paris, March 16.—Chinese workmen at the exposition have gone on strike in original fashion. When the contractor came to the grounds they seized him, tied him to a stone, and beat him with sticks until he promised to grant their demands.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia constipation; invigorates the whole system. Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma. Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

Western Millers Organize.

Topeka, Kan., March 16.—After a three days' conference the millers of Kansas, Kansas City and Oklahoma have decided to handle their surplus output through a stock company, to be known as the Kansas and Oklahoma Milling and Export company. The concern will be capitalized for \$250,000, all paid up. The stock will all be taken by millers in this section of the country.

Where George Eliot wrote his First Book
The house, No. 8 Parkshot row, Richmond, where George Eliot wrote her first book, is shortly to be pulled down. It is one of a row of single-fronted houses of a semi-gentle character; and she and Mr. Lewes only rented a couple of rooms in it. It remained their home for more than three years. There the "Scenes from Clerical Life" were written, and a considerable portion of "Adam Bede." The tiny sitting-room was the common study for both the writers, and George Eliot used in after years to tell how the "scratching of another pen" used to affect her nerves until it "nearly drove her wild."

BRIDE AND GROOM REMOVED SHOES

LOCAL COUPLE RAISE HAVOC IN
ROCKFORD.

That Is What the Rockford Morning Star Says—Charles H. Kidder and Miss Ida Oakley Are the Happy Couple—Claim That They Reside in Janesville.

The Rockford Star of this morning prints the following:

There was a post-nuptial reception in the parlors of the Nelson hotel last evening. It was attended by members of the Country club who were holding a business meeting in the ordinary, and by a number of the traveling men. It was entirely impromptu and was not desired by the newly wedded pair nor particularly enjoyed by them.

Charles H. Kidder and Miss Ida Oakley arrived in the city from Janesville, Wis., yesterday, and entering a carriage at the depot were driven to the county clerk's office, the veteran hackman knowing by appearances where his charges wanted to go.

Mr. Kidder was a tall, well-formed young man, of decidedly uneasy manner. The bride-elect was quite pretty and all smiles. The feminine deputies in the clerk's office waved them bon jour as they descended the steps to the waiting carriage, the license reposing in the bridegroom's inside pocket. From the court house they were driven to the residence of the Rev. R. H. Pooler, where the obliging divine performed the ceremony.

The ordeal was over—they were married. The carriage took them to the Nelson, where Mr. Kidder wrote with shaky hand upon the ledger and asked for a room. Clerk Austin gave him the best one in the house.

Charles and Ida had their first made meal together in the dining room and when it was over, the groom came down and paid for it. Then they went to the parlors. Although he had been riding in a carriage the groom's feet were aching so he took off his shoes, the new wedding shoes which pinched so dreadfully, and stretched himself on the divan. Ida's shoes were pinching, too, so she slipped hers off. A guest of the house passed by at this juncture and seeing the shoes coming off fled to tell Manager Emme that he guessed it was time for some one to show the couple to their room. The manager quieted the anxious man and told him it was only a case of new shoes. Pretty soon the bride sat down to the piano, and then Charles arose, drew on his shoes and went down to the billiard room and smoked a cigar.

When he returned his bride was still working the loud and soft pedals in her stocking feet.

He took off his shoes again and reclined upon the divan and enjoyed the music.

Some unkind person put the members of the Country club on. The business session of the club over, the members filed into the parlors and paid their respects to Mr. and Mrs. Kidder. There were a few kidders in the crowd, not relatives, however, and they helped enliven the reception. Some traveling men came up and joined the throng and Charles and Ida were given many good wishes. The self invited guests timed their trips through the parlor so that neither bride nor groom got a chance to pull the shoes on. It was embarrassing and when the last guest had gone they made a break for the bridal chamber shoes in hand.

MICHAEL HAYES

VISITS NEW YORK

Local Well Known Contractor Now Figuring on Underground Railroad Grading Work.

Michael Hayes of the local grading contracting firm of Hayes Bros., is now in New York City figuring on taking a portion of the grading contract for the new underground railroad that will cross New York City from the Battery to beyond Central Park. The estimated cost will be in the neighborhood of \$35,000,000. Several contractors are now figuring on the work which will take many months to complete. Hayes Bros. are well equipped to handle the largest of contracts and if they decide to take a portion of the New York work they will put valuable machinery and many men and teams into the field.

SECOND INTERCLASS CONTEST

Held at the High School Building Yesterday Afternoon.

At the High school building yesterday school students enjoyed the preliminary declamatory contest. Prof. W. A. Rowell looked after the program in an able manner. The three fortunate speakers selected by the judges were Lucy Bigelow and Lloyd Porter, of the Junior class, and Joseph Fisher, of the Sophomore class. The judges were Miss Bertha Sayles, T. O. Howe and A. L. Maxwell.

The preliminary contest in extemporaneous speaking was held this afternoon at 4 o'clock, the following being the contestants:

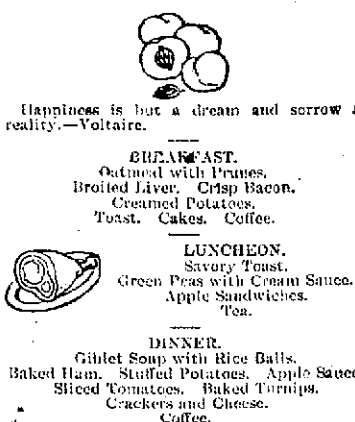

Victor Marquissee, Ethel Sayre, Margaret Jackson, Grace Tennant, Lloyd Porter, Harry Kirkland, Richard Griffiths, William Fox, Isabelle Menzies, Libbie Gravelyn, Stowe Lovejoy, William Curtis and Lily Woodruff.

This will be the last preliminary and the final contest will be held next Friday evening, March 23.

JUDGE DUNWIDDIE

HEARS WATER CASE

HON. A. A. JACKSON ONE OF THE ATTORNEYS.

Chief Engineer John C. Spencer appeared as One of the Witnesses—On Trial at Monroe—Question Has Been Argued in the Rock County Circuit Court.

Judge B. F. Dunwiddie, presiding over the Green county court at Monroe today heard the action in the struggle in which the city of Monroe and the water company are seeking to settle their difficulties. A jury was secured yesterday forenoon, after which the opening arguments by the attorneys were made. The taking of evidence began at 11:30. The case promises to continue several days.

Hon. A. A. Jackson, who with P. J. Clawson are the attorneys for the water company, the plaintiff in the case, opened the case to the jury, giving a concise statement of the contention as viewed by the company. Attorney Jackson stated that it was an action to recover back the taxes that were paid by the company, claiming that the city had agreed to pay for certain services outside of the hydrant rental a sum equal to the state, county and city taxes on that portion of the property in the public streets and parks, which amounts to the mains and the standpipes. This contract had been violated by the city by a change of policy in assessing this property.

Attorney Burr W. Jones, in presenting the side of the case for the city, contended that the provision in the charter to the effect that the city should stand a portion of the taxes levied against the company was void for the reason that it was an attempt to evade taxation. Through the city the water company had escaped taxation for many years.

LOCAL HUNTERS

ARE INTERESTED

Spring Shooting of Ducks Will Not Be Allowed This Year For the First Time.

This will be the first year in the history of Wisconsin game laws that spring shooting of ducks will not be allowed. In years gone by the hunters have gone to the lakes, rivers, ponds and marshes in the spring and slaughtered ducks to their hearts' content, but it will be different this year. The law passed at the last session of the legislature prohibits the killing of ducks in the spring. They are protected from the hunter's gun until fall, when they will again be open to bombardment. The game law prohibiting spring shooting was enacted for the purpose of giving the ducks more of a chance to breed, and its intent is to increase the number of ducks, which will, of course, come to pass under this system in a few years. The law prohibiting spring shooting affects nearly every variety of game.

TOBACCO MARKET

RAPIDLY DECLINES

But Few Buyers are Now Actively Engaged in Looking After Rock County Leaf.

In quoting the leaf tobacco market of Rock county, the Wisconsin Tobacco Reporter prints the following in today's issue:

From this time forward the movement in the '99 crop must rapidly decline although a few buyers are still on the alert for the scattering remnants yet in growers' hands. In old goods very little is being done this week. C. L. Cullen has disposed of about 300 cases and Pomeroy & Pelton sold a small lot. Shipments out of storage to all points reach only 736 cases. There were 1858 cases of cigar leaf exported from New York.

COFFINS COME MUCH HIGHER

Local Undertakers Are Obligated to Charge More For Caskets.

Local undertakers are getting higher prices for coffins these days. This is owing to the advance made in all materials used in the construction of caskets. Especially is this true of the metal used for handles and head plates. Trimmings that line the coffins have advanced considerably as has the wood itself. A local undertaker said today: "A casket that two years ago sold for fifty dollars is worth seventy-five dollars. This advance we are obliged to explain to our patrons."

WOULD NOT SIGN PETITION

Madison Attorney Did Not Meet With the Success That He Expected

Judge Fife did not sign the petition presented to him this week for the release of Trask, the prisoner now serving a year in the state prison for robbing a fellow boarder's trunk at Beloit. Trask was sentenced from the Rock county municipal court last fall. When the Madison attorney appeared here with his reasons why Trask should be released his arguments failed to carry much weight for the reason that they lacked strength.

At J. M. Bestwick & Sons' you will find on Monday the 19th have an opportunity to select a new suit, silk waist, skirt, or jacket from a large assortment of choice styles, and have it made to your measure in time to wear Easter. Don't let this chance go by if it interests you.

COUNTERS TO HAVE BADGES

Census Enumerators to be Designated by Official Marks

The census enumerators of Janesville as well as all others in the United States will be required to wear badges. The contract for the 60,000 badges which will be required has already been given out, and they will be completed by the time they are needed—June 1.

These badges will be made of German silver, an inch and a quarter wide. The shape is that of a shield, surmounted by an eagle, and across the face of the shield will be the words, "United States Census, 1900."

DEVOLL SENTENCED TO REFORMATORY

Arrived in Janesville This Morning While on His Way to Green Bay.

Clyde Devoll, who was found guilty of entering and stealing from a warehouse at Brooklyn, was brought before Judge Dunwiddie for sentence when court opened at Monroe yesterday morning. He was sentenced to the state reformatory at Green Bay for a general indeterminate sentence of not less than two years or more than five years, beginning at noon today. Devoll is nineteen years of age. In sentencing the youth the court administered a sound admonition that he will doubtless always remember.

Devoll arrived in Janesville this morning with a deputy sheriff on his way to Green Bay.

FOR THE STATE REFORMATORY

James E. Heg of Green Bay Makes a Visit to Janesville.

President James E. Heg of the State Reformatory at Green Bay spent yesterday in Janesville and made a long visit to the State School for the Blind. Mr. Heg returned home this morning with two prisoners brought here by the sheriff of Green county destined for the Green Bay reformatory.

Mr. Heg reports an excellent work being done in the institution he has charge of. The reformatory prison was opened up about a year ago with twenty transfers from Waupun and now has about ninety inmates. Mr. Heg is doing a good work despite the opposition and discouragements he has had to face. He hopes that Gov. Scofield will grant at least a part of the appropriations made by the last legislature and withhold, so that necessary buildings and improvements can be made.

WERE PLEASED WITH VISIT

Modern Woodmen of Edgerton, Speak of Their Recent Trip Here.

The Wisconsin Tobacco Reporter of Edgerton prints the following: In response to an invitation to the Edgerton camp, about twenty-five Modern Woodmen visited the Janesville camp last Monday evening. The Janesville camp numbers about 300 and is in good working order. The business of the camp was done in a business-like manner and the Foresters showed excellent training. The initiation services were highly interesting to an onlooker. An excellent supper was provided for visiting neighbors and officers, and our delegates were cordially welcomed. The boys returned in the wee small hours of the night, feeling that they had a pleasant outing.

DEEDS DORMITORY

PRICE STATED IN TRANSFER IS \$5,750.

Young Men's Christian Association of Janesville Come in Possession of Valuable Property—Transfer Placed on Record This Month—Building Has Been Good Investment.

Mrs. Marion Leavitt has deeded to the Young Men's Christian Association of Janesville property valued at \$5,750. This property is the new brick dormitory and the lot on which it stands, No. 10 Doe's subdivision which adjoins the Y. M. C. A. building at the corner of Milwaukee and High streets.

The dormitory was completed last year and is a part of the Y. M. C. A. building.

The transfer of the property was recorded last week in the register of deeds' office.

SCANDANAVIANS' MASK BALL

Held Last Evening at Concordia Hall—Attended By Many

At Concordia hall last evening the Scandinavian mask ball took place, being in all probability the last masquerade of the season. There were many maskers and all had a good time. The number of spectators was also large. The grand march took place at 11 o'clock and then the "all dance" order was in effect until 1 o'clock this morning. Prof. Tuckwood and his band of skilled musicians furnished the necessary inspiration.

For the Farmers Institute at Delavan, Wis., March 13 to 16, the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets on above dates, good for return until March 17, at one and one third fare round trip.

LOCAL BREWERS

JOIN ASSOCIATION

Meeting Held For the Sole Purpose of Mutual Protection From Unfavorable Legislation.

Over one hundred brewers of the state assembled in convention at Milwaukee Tuesday and organized the Wisconsin Brewers Association. The purpose of the organization is the mutual protection from legislation unfavorable to the brewing interests of the state. The majority of the members favor the bill now before congress for the abolishment of the smaller packages and revenue stamps for the same.

The L. F. Knipp Brewing company of this city has joined the association. William Buob stated today that as yet Buob's brewery was not included in the association but that in all probability they would soon join.

TARIFF MEN ARE UNEASY.

But They Are Still Determined to Pass the Puerto Rican Bill.

THEY HAVE FEARS OF A PLOT.

Advocates of Measure Arouse Suspicion by a Suggestion—Want the Senator to Pass Their Measure, and Also the Civil-Government Act.

Washington, March 16.—Senator Allison, chairman of the republican caucus, has not yet appointed the committee to decide upon the party action on the Puerto Rican tariff bill. Mr. Allison says that there is no hurry, and he may not name the members of the committee for several days. The advocates of the tariff bill are uneasy over the situation, but they are determined to carry their point, if they can.

Chairman Payne and other republican members of the ways and means committee are begging the senators to save them from trying again to pilot this tariff scheme through the house. At the same time, the house leaders are predicting that the house will never pass the Foraker bill, or any other bill giving a civil government to Puerto Rico, because such legislation would be inconsistent with the tariff measure.

By such talk the house leaders and half a dozen senators are revealing what is believed to be the plan to "bunco" the people and Senator Foraker, by getting the civil-government bill and the tariff bill through the senate as separate measures, and then holding up the civil-government bill in the house, the tariff bill becoming law when passed by the senate and signed by the president without again going to the house.

Senator Foraker will have an understanding that his bill is to have a hearing before the house, and not be smothered in committee, before he consents to any arrangements of the kind proposed in the conference.

Senator Davis of Minnesota and other western senators will also have something to say before the tariff bill is passed. Senator Davis has not consented to drop his amendment providing for freedom of trade between Puerto Rico and the United States. He intends to press that amendment in connection with the Foraker bill, as it is not inconsistent with the measure, but in fact, completes it, and he will insist upon a vote. Unless the tariff men should make considerable gains in the senate the Davis amendment will be adopted and the tariff bill will be defeated.

The list of senators opposed to the tariff increases rather than diminishes as the force of public sentiment in the west is brought to bear upon the senators. Instead of the storm blowing over, as some of the tariff men predicted it would when the people came to understand their bill, it increases, and for the last two days the messages and letters have come down upon western senators in an avalanche.

The storm centers of this protest have been regarded as in Chicago, Indianapolis and Minneapolis, and members of the ways and means committee have insisted that it was an interested opposition protesting because there was a tariff on flour and meat products to be shipped to Puerto Rico. The returns of the last few days have shown that the storm center is pretty general in the west and that it is not confined to the cities.

Today there are from eighteen to twenty republican senators who are opposed to the tariff bill, and if it is pressed to a vote there will be an open split in the republican party in the senate. The bold stand taken by Senator Davis, that he is representing himself and his state in the United States senate, and on this question will not surrender his responsibility to the steering committee, or any other committee, has made others bold to declare themselves in the same way.

In the debate on the Puerto Rican appropriation bill Thursday Senator Spooner admitted that the republicans were divided on the tariff and civil government bills, and that the appropriation should be made to relieve distress in the island, and not wait for the ending of the constitutional debate.

The house in committee of the whole resumed consideration Thursday of the district appropriation bill. With but trifling amendments the bill was passed. Senate bill was passed, with amendments, granting to the state of Kansas the abandoned Fort Hayes military reservation for the location of an agricultural experiment station, for a branch of the state normal school, and for a public park.

A joint resolution was introduced by Representative Ray of New York, proposing an amendment to the constitution as follows: "The congress shall have power to regulate and repress monopolies and combinations, to create and dissolve corporations and dispose of their property, to make all the laws necessary and proper for the execution of the foregoing powers. Such powers may be exercised by the several states in any manner not in conflict with the laws of the United States."

Considerable Increase of the Navy.
Washington, March 16.—Two battleships, three armored cruisers and three protected cruisers have been agreed upon by the house committee on naval affairs as the increase to the navy to be authorized by the naval appropriation bill. It was agreed also that the secretary should be allowed to contract for armor plate, at \$545 a ton, to complete the ships now needing armor, estimated at 7,400 tons, thus deciding against construction on government account.

Enormous Dividend by Standard Oil.
New York, March 16.—A quarterly dividend, amounting to \$20,000,000 upon the \$100,000,000 of common stock of the Standard Oil company of New Jersey, was disbursed by the National City bank today. Standard Oil stock was strong in the curb market, advancing to 54 1/2.

RHEUMATISM

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison

through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain. Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person, helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, **Rheumatism is Strictly a Blood Disease**, and no liniment or other external treatment can reach the trouble. Neither do the preparations of potash and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S., made of roots, herbs and barks of woody plants, the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and quickly neutralizes all of unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, 123 W. 14th Street, Indianapolis, Ind., for eighteen months was terribly afflicted with Rheumatism. He was unable to feed or dress himself. Doctors and his wife and children, who had tried fifty-two prescriptions that friends had given him, without the slightest relief. A few bottles of S. S. S. cured him permanently, and he has never had a rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, **SWIFT SPECIFIC CO., Atlanta, Ga.**

Setback for Iowa Prohibitionists.
Waterloo, Iowa, March 16.—Judge Blair has made a ruling in the District court that agents of railroad and express companies cannot be compelled to testify regarding shipments of liquors to registered pharmacists. The question has never before been the subject of decision in an Iowa court.

HYPNOTISM IS RECOGNIZED.

Nebraska Court Admits Psychic Influence in Dinsmore Trial.

JUDGE PROTECTS A WITNESS.

Allows Mrs. Lane to Give Her Testimony Heavily Veiled and With Eyes Shielded—Judge Rules That the Precautions Were Warranted.

Lexington, Neb., March 16.—In the famous Dinsmore murder trial the District court went on record clearly as recognizing hypnotism as practiced and defined by those who affect that occult science. The decision was called forth by the representations of the attorneys for the prisoner, who stands charged with murdering his own wife and his friend, Fred Lane, in order to marry Mrs. Lane, requesting that Mrs. Lane's testimony be stricken from the record, because she was attired in a great veil that covered her entire person while testifying and because she also wore heavy colored glasses, all so obscuring her that the prisoner was denied his constitutional right to actually face his accuser.

The state's attorney opposed the motion, and declared that the court could take judicial cognizance of the fact that these precautions were necessary to prevent the prisoner hypnotizing the witness and preventing her testimony at all. This was the climax of the celebrated case which had resulted in Mrs. Lane telling her story after repeated efforts, in which she invariably fainted under the glance of the prisoner, and always maintained that when he looked into her eyes she was powerless to speak except as he dictated.

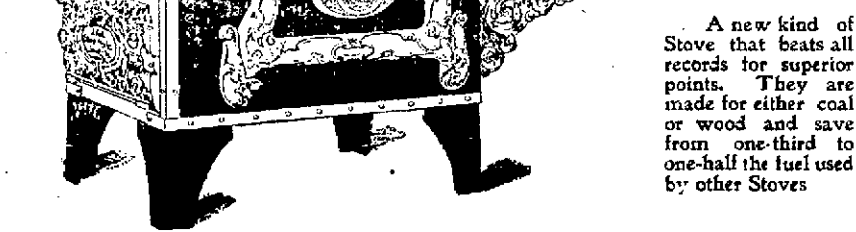

The court finally decided to nullify the evidence of the woman, and the prisoner's attorneys took an exception, asserting that on this point they would go to the Supreme court, as the constitution meant what it said when it provided that a man may face his accusers. While the woman was testifying Dinsmore made several ineffectual efforts to look her in the face, and the judge instructed the woman to keep her veil drawn closely over her face and retain her heavy colored glasses.

The prisoner's attorneys had relied upon the inability of the woman to testify in his presence for an acquittal. The woman told a horrible story of the crime, how she had consented to the double murder, and how she lay by the side of her husband while Dinsmore crept up and blew out his brains, and how they then proceeded to Mrs. Dinsmore's bedroom and she held the struggling woman while Dinsmore forced prussic acid down her throat. She said that as long as Dinsmore kept his eyes on her she could not tell the truth, but the moment he removed his gaze she wanted to tell all.

The state rested its case Thursday afternoon and the defense announced it would not introduce testimony. The prisoner is breaking down. The case is being argued today.

Bryan's Friends in Control.
Providence, R. I., March 16.—The state convention of the democrats Thursday was one of the most exciting in many years. The Bryan forces, represented by Mayor Greene of Woonsocket, carried the convention. Sentiments denouncing the expansion policy, Puerto Rican tariff, trusts, and British aggression in South Africa contained in the speech of Chairman Fitzsimmons and in the platform were cheered enthusiastically by a majority of those present. In relation to the selection of delegates to the national convention, the Bryan men won. The platform says: "The democratic party of Rhode Island indorses and reaffirms the principles set forth in the platform of the democratic national convention which nominated for president William J. Bryan."

Many a Lover
Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

Moore's Steel Gem Cook Stove

A new kind of Stove that beats all records for superior points. They are made for either coal or wood and save from one-third to one-half the fuel used by other Stoves.

They are easy Stoves to work with; they occupy less floor space than ordinary Cook Stoves, and yet the oven is larger. It will bake faster and more evenly than any other Stove and is warranted not to warp. Water will boil on every hole. The grate is easily adjusted at the front as is also the ash pan. The STEEL GEM STOVE is guaranteed in every particular and is well worth investigating.

Cast Iron cook Stoves and Ranges of the Brand make at very low figures.

All this week special prices on tinware and Copper Nickel Plated Ware.

No discounts or Trading Stamps on goods sold at special prices.

Claim Diley Was Murdered.

Philadelphia, Pa., March 16.—After an investigation, which has been going on quietly for almost two months, it is believed that evidence has been secured which proves beyond a doubt that William F. Daley, the Philadelphia salesman, who died in the West Pennsylvania hospital of Pittsburg, on Jan. 28, did not die of uraemia, as was stated by the doctor's certificate, but that he was the victim of a fiendish plot, and that he was foully murdered.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and when any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bradford county, Pa. For sale by Smith's pharmacy, next to postoffice, Kodak agents.

Mrs. Skildame Commits Suicide.

St. Paul, Minn., March 16.—Mrs. Betty A. Skildame of Bode, Iowa, who has been a guest at the Clarendon hotel for three weeks, committed suicide Thursday by taking carbolic acid. Despondency is the alleged cause.

Constipation Cure.—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time; 25 and 50 cents. People's Drug Co.

TAKES A HIGH PLACE

Stands Well in the Estimation of the People.

Attention is Naturally Excited When Anything is Praised by People Whom We Know.

A thing that stands high in the estimation of the public, and which is especially recommended by Janesville people, naturally excites our attention more than if our own people did not praise the article. Such a thing is going on right here in this city every day. People are praising Morrow's Kid-ne-oids because they cure. There is no deception, no humbug, they do positively cure, and we furnish the evidence.

Mrs. James Close, 8 North street, says:—"I have been troubled with kidney and liver complaint and constipation for a long time. I had severe pains across the small of my back in the region of my kidneys. I was so nervous I could not sleep. My liver was torpid and I suffered from indigestion and had such distressing pains in my stomach. I used different kinds of kidney remedies but did not experience much relief, until I commenced to take Morrow's Kid-ne-oids and Liver-Lax. These grand remedies relieved me of all my former troubles."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box at all drug stores and at The People's Drug Store.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield Ohio.

It's Here.

UNDERTAKING.

The Blue Birds are Coming SPRING IS HERE--NIT.

At the most it is just around the corner. Now is your time to bargain for a new wheel, or get the old one repaired, renovated, or have any desired alterations made—while the snow is on the ground. Do not wait until wheeling time to buy your bike.

THE WISE MAN PREPARES AHEAD OF TIME.

You ought to be classed with the so-called wise men.

The assortment of Bicycles we show this season cannot be equalled in Janesville. They are all high grade, but low priced.

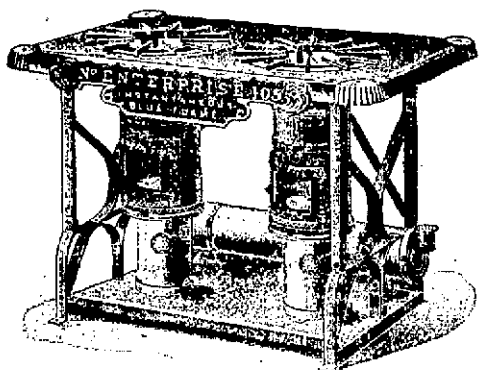

WE'RE AFTER YOU IN RED HOT SHAPE.

Bound to get your Wheel trade if possible. We show a large line of

Phoenix, Cleveland, Sterling, Stearns and Monarch. EVERY ONE A GEM.

Most Wonderful Invention of the age...

Now in operation at Lowell's. Prices—\$9.50 and \$12.00.

Enterprise, Odorless, Instantaneous Blue Flame Oil Cook Stoves.

There are a number of Blue Flame Oil Stoves, but all of them require from five to six minutes from the time of first lighting before acquiring a perfect flame of full volume, and in the meantime they give off more or less odor. This Stove produces a perfect, odorless, blue flame of full volume at the instant of first lighting, equal to that produced

by any gas range burner. It is so simple that no instructions are required to operate it with the best results. In fact, it revolutionizes the Gasoline and Oil Stove business. You will have no other if you see this.

Health is Wealth

When a promising opportunity presents itself or is found, seize upon it. The wise man is he who aims to maintain perfect physical health, rather than he who devotes all his energies in amassing wealth. A healthy beggar is happier than an invalid king. When health is ours we may win wealth, fame and happiness.

To take Magnetic Treatment one does not need a great deal of wealth.

Often-times people are cured of complicated diseases in a few treatments, and the charges are very moderate. Do not delay—the longer you put off getting health, the more difficult it will be to regain it.

CURED AFTER FOURTEEN YEARS.

TO WHOM IT MAY CONCERN—After suffering fourteen years with muscular Rheumatism, I can say that five treatments given me by Prof. Dennis did me more good than nine weeks spent at the hot springs of Mt. Clemens, Mich.
